1. The following is an examiner's statement of reasons for allowance:
 - a. The semiconductor device structure claims 1, 8, 11 and 14, comprising at least a plurality of gate insulator layers, each gate insulator layer formed between each program gate and the adjacent oxide pillar, each gate insulator having a structure for trapping at least one charge are neither anticipated nor obvious over the prior art of record.
 - b. The accompanying method of making claim 17 comprising at least the steps of forming a first gate insulator layer in the trench along the sidewall of the first columnar structure and a second gate insulator layer in the trench along the sidewall of the second columnar structure and interposing a polysilicon program gate structure between the first gate insulator layer and the control gate structure and between the second gate insulator layer and the control gate structure; and
 - c. The method of claim 21 comprising at least forming a first gate insulator layer in the trench along the sidewall of the first columnar structure and a second gate insulator layer in the trench along the sidewall of the second columnar structure, wherein the bottom, first, and second gate insulator layers are a composite structure are neither anticipated nor obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
